

WELCOME TO OUR FAMILY

THANK YOU FOR CHOOSING US

YOUR FIRST VISIT

We are always delighted to welcome new patients to Ashburton Family Dental.

On your first visit, we will take the time to discuss your past dental experiences and current concerns. This is a two-way conversation in which we find out what is important to you and how to best support your dental health.

Maintaining excellent dental health is about long-term care - and at Ashburton Family Dental, we've been providing quality dental services and expertise to the community for over 50 years.

Our focus is on family-friendly dentistry, providing an environment where everyone can relax and enjoy their dental visit. We specialise in general family and cosmetic dentistry, so our services cover everything from basic check-ups and cleaning through to veneers and implants.

We believe in building relationships with our patients and delight in seeing 'our' kids grow up through the years. A good start is vital, so we offer free check-ups to children under four.

OUR TECHNOLOGY

Our dental practice is equipped with the latest dental technology including chair side monitors, intra-oral cameras, digital scanner, digital radiography and a dental microscope. You can be at complete ease during your treatment knowing that all our dental instruments have been sterilised to world class standards. While receiving treatment, lie back and relax watching Netflix on one of our overhead televisions.

OUR PHILOSOPHY

COMMITMENT

Ashburton Family Dental is committed to providing quality dental treatment and advice to you and your family.

CARE

Our service is warm, friendly and respectful. We're focused on the whole patient, not just your smile.

CONVENIENCE

Our convenient, completely refurbished practice has plenty of parking, plus we're open Saturday mornings to make it easier for you to choose an appointment time.

OUR PROMISE TO YOU

We believe in providing all dental treatment in the most gentle manner and treating all our patients with respect. When you visit, you will be greeted with warm, friendly service and an ethical approach to treatment.
